

ReUPit
Less Waste. More Art.

Using art and imagination as a powerful language
to educate and inspire change from overconsumption to
conservation and earth stewardship.

POWER OF Re ...

Reduce...plastic rubbish
Re-use...until it is repurposed
Re-invent...your shopping habits
Repurpose...your trash into cool stuff
Re-work...your brain to love earth tones
Reorder...only with plastic-free packaging
Re-invest...money into sustainable products
Re-think...your use of fast, cheap, disposable
Replace...with wood, glass, metal, stone, etc.
Re-evaluate...what we are giving our children
Recollect... products we made before plastics
Redo...your wardrobe to reduce microfibers
Recalculate...your plastic footprint monthly
Regenerate...your faith in human ingenuity
Resolve...to make the world a better place
Relate...your commitments to your friends
Revitalize...your community to take action

What's Your Footprint?

Reconstruct...environments sustainably
Repair...old appliances and machines
Require...companies to reduce waste
Recreate...with eco friendly materials
Reproduce...with eco-friendly dyes
Restore...habitats to be trash free
Re-establish...your love of nature
Recycle...only as a last resort
Refuse...single-use plastics
Respect...resourcefulness
Refurbish...old into new!
Respect...great ideas.
